Partnering With Communities for More Than 25 Years

Seedco is a national nonprofit organization that advances economic opportunity for people, businesses and communities in need. Seedco designs and implements innovative programs and services to foster vibrant economic development through three primary lines of work:

- Workforce development
- Work and family supports
- Technical assistance for small businesses and nonprofits

For more information, contact:
Lisa Stein
Vice President, Work and Family Supports

"Through Seedco’s EarnBenefits Online program, our organization is able to connect our families to state, federal and private benefits that help meet their needs, such as SNAP, WIC and the Earned Income Tax Credit. The services we offer to our clients reduce the economic strain due to a loved one’s incarceration."
— Marquetta Nebo, M.Ed.,
Board Member,
Families of Incarcerated Individuals, Inc.
Memphis, Tennessee

"The addition of Seedco to our program has been a much needed resource for members of the Hampden community. Many are unaware that they are eligible for such benefits as SNAP. They are always grateful for the assistance."
— Elisa H. Ghinger,
Executive Director,
Hampden Family Center
Baltimore, Maryland

Increasing Access to Economic Stability

earnedbenefits.org
EarnBenefits Online® connects low-wage workers and their families to public and private benefits — programs they are eligible for but often do not know about.

Benefits like affordable health insurance, food stamps (SNAP), child care subsidies and tax credits help low-income households achieve long-term employment and financial stability.

Low Cost. High Impact.

SINCE 2005
211,000+ LOW-INCOME HOUSEHOLDS SCREENED, RESULTING IN
124,000+ CLIENTS SUCCESSFULLY ENROLLED IN BENEFITS VALUED AT
$292 million+ (THROUGH 2013)

Streamlined Benefits Access

*EarnBenefits Online* is a secure, user-friendly web-based application that streamlines the access to benefits enrollment process and improves management efficiency.

One-stop Shop: Screen clients for multiple state and federal benefits at one time.

Streamlined: Easily integrates into existing client-tracking programs, provides pre-populated forms and exports client data to other applications as needed, eliminating duplications and reducing errors.

Instant Results: With one session, clients receive eligibility report, completed applications and estimated dollar value of benefits; which motivates them to complete the process.

Cloud-based Convenience: Access secure, password-protected databases for processing applications, client tracking and reporting outcomes from any computer, any time.

Customizable: Application can be modified for your agency’s needs, unique specifications, and variations in eligibility rules for local and state benefits.

*EarnBenefits Advantage*

*EarnBenefits Online* is economical and results-oriented. Developed by Seedco, a national nonprofit, *EarnBenefits Online* helps agencies across the country connect clients to the support they need in their communities.

Clients enrolled in benefits through *EarnBenefits* were 42 percent more likely to achieve three-month job retention and 33 percent more likely to achieve six-month job retention than clients who did not receive *EarnBenefits* services.
